

WOMEN JOIN IN FIGHT OVER WAR

Federation Debate on Resolution Against Armament Cause of Adjournment.

NO QUORUM IS PRESENT

Mrs. Lockwood's Motion Is Opposed by Mrs. James, Both Sides Having Many Followers.

A resolution offered by Mrs. Belva Lockwood, in which it was said that "we do not believe that we need to be put on a war footing," aroused sharp opposition and resulted in adjournment on a point of no quorum, at a business meeting of the District Federation of Women's Clubs at the Raleigh Hotel yesterday.

Mrs. J. F. James, former recording secretary of the federation, was the chief opponent of Mrs. Lockwood. Dr. C. S. Lindlow was spokesman for the opposition.

The resolution has been approved by the General Federation of Women's Clubs. It was said in the resolution that "we believe in the stability and progress of the United States."

Should Combat War Move. Mrs. Lockwood said that there is a movement for war in this country, and that this should be combated.

Mrs. James countered with Dr. Lindlow, who rose and objected to the following clause:

"We believe that, as the increase of armaments and navies does not conduce to peace, as has been proved, but to war, our country, feeling enemy toward none, does not need to be put on a war footing."

Both Mrs. James and Dr. Lindlow were of the opinion that there is great need for armament for the protection of the country. Both they and Mrs. Lockwood were well supported.

Things finally got to a stage where Mrs. Lockwood and Mrs. James were shouting "yes, yes" and "no, no," respectively. At this point the absence of a quorum was declared, and Mrs. James won her point to delay action on the resolution until the next meeting.

Want Postal Christmas. A resolution was offered by a committee of Mrs. Henry Baker, Mrs. Mary S. Lockwood and Mrs. Lucia E. Blount, in which the 1,500,000 members of the Federation of the United States were to be asked to send only postcards as Christmas presents and to devote the rest of their gift funds to war relief. No action was taken.

Dr. Nevil Monroe Hopkins spoke of conditions in Belgium, and more than \$50 was raised at the meeting for relief there. It was announced by Mrs. W. J. Cawthon that the luncheon given by the federation Friday at the Jardin de Danse was a financial success. Returns far surpassed expectations, she said.

A resolution of the educational committee was adopted calling for the standardization of study in home economics.

CONFESSES HE SLEW WIFE TO WED "SIREN"

CONTINUED FROM PAGE ONE.

to the front of the house. When he heard the explosion he called "fire."

Neighbors had seen the glare of the flames but did not hear the explosion. He told them his wife and children were in the house because the stairway was in flames.

Stone admitted under questioning that his wife was about to become the mother of a fifth child.

"With me spending all my time and money with another woman I thought they would be better off dead," he said.

Soon after the fire the "other woman" went to the State attorney and made an affidavit that Stone had urged her to elope with him and had said he "would get rid of his family. She said Stone did not tell her the truth, that he had obtained the right kind of a divorce."

Stone, under an assumed name, enlisted in the army on October 16 at Mattoon, Ill., and was sent to Jefferson Barracks. He rarely confessed when arrested.

Police Employe Arrested. The Church of the Immaculate Conception was the scene last evening of a happy wedding, when John A. Kane, a popular young employe of the police department, and Miss Clara F. Adamson, of 222 P street northwest, were married by the Rev. Father C. E. Roach.

The bride was attended by her sister, Miss Bessie Adamson, while Raymond Holden, of the Department of Agriculture, was best man. A reception was given the young couple at the bride's home. They will make their home at 1515-A Third street northwest.

"NONFRAT" MAN HEADS G. W. U. LAW CLASS

Glenn R. Eudaley Is Also Known as the Walter Johnson of Commerce Department Baseball.

Glenn R. Eudaley, president of the second-year law class at George Washington University and the first "nonfrat" man to receive the honor, is known to his classmates as the Walter Johnson of the Department of Commerce. He works in that department.

Once in the past season Eudaley planned to run in his folks at Madisonville, Ky. He even had his railroad ticket, as a pitcher he had been a terror to several local amateur ball teams, and when they heard of his plans to go away all fell into a scramble for a game with the Department of Commerce.

When Eudaley got wind of this he postponed his trip and rubbed a stinging defeat into the rival team picked for the engagement.

Eudaley was born in Nebo, Ky., and is twenty-five years old. He was graduated from the high school in Madisonville in 1910 and was captain and quarter back on the eleven there, as well as head flogger for the ball team. He distinguished himself in athletics also at Valparaiso University, Valparaiso, Ind. He was at one time a court reporter and later secretary to the commandant at Santiago, Cuba.

His election as head of the law class was far from easy. More than sixty "frat" men lined up against him, but on the fifth ballot he beat down all rivals.

CARRANZA AND VILLA BOTH ASKED TO QUIT

Agua Calientes Gathering Said to Have Passed Resolution Demanding Retirement of Both Rebels.

Unofficial reports reached here yesterday that the Mexican convention at Agua Calientes had passed a resolution ordering the deposition of Carranza as head of the provisional government and the removal of Gen. Villa as commander of the division of the north. These reports are not yet confirmed in official dispatches.

The State Department's latest advice do not touch upon these proceedings, though the last report stated that the Zapata delegates were insisting that some action be taken at once with regard to Carranza and the selection of a provisional president to succeed him.

Carranza and Villa have their forces mobilized near Agua Calientes. It is doubted if either of them accept the retirement edict of the convention. The question is asked: How is the convention going to enforce its orders upon either Carranza or Villa? It is regarded as more than likely that in case of a refusal of either or both to obey, the convention will promptly split into different factions, for and against the two leaders.

Martial Law in Rhodesia Result of Boer Rebellion

Capetown, South Africa, Oct. 31.—Martial law was proclaimed throughout Southern Rhodesia today as a result of a spread of the Boer revolt.

Col. Vandevanter, of the South African forces, today reported the capture of fifty more rebellious Boers, including five officers, one of whom was an adjutant to Col. Maritz, leader of the Boer uprising.

HUBBY'S TEMPER CAUSES SUI.

Trieste, Frieganza Says She Fed and Clothed Spouse.

Chicago, Oct. 31.—Trieste Frieganza, actress, today declared that "austerity and temper"—both of which she attributed to her husband, disintegrated her. When temper saunters in at the door and lounges about the house, domestic felicity flies out of the window, she says.

A terrific outburst in the courtroom, when she appeared to testify in her suit for divorce from her husband, Charles A. Goettle, a theatrical manager.

Miss Frieganza charged that her husband abused her, refused to obtain employment and compelled her to pay his bills. She testified that she had clothed, fed and paid all bills for her husband since their marriage. On motion of her attorney, Emil Van Bever, the hearing was continued pending the return of the complainant's sister from New York. The latter is supposed to have been a witness in the theatrical world. The couple separated in February last.

GERMANS CONCENTRATE FOR A NEW ASSAULT

CONTINUED FROM PAGE ONE.

Lisons, in the fighting about Chaulmes, and they also have taken Lequeuoy-en-Santerre.

In the direction of Vailly the Germans were able to obtain an advantage when the allies were forced to fall back. The cause of superior numbers, but along the Aisne to the west of Soissons French gains have been recorded.

A terrific battle is reported from the Argonne region with no decision as yet. In the Woivre region in the forest of La Petre, the Germans have been forced to retreat.

The official summary of the situation is that the French and British "everywhere are maintaining their positions."

Example of my remedy but cure cases of Feline Leukemia, Feline Cancer, Feline Diabetes, Feline Pay Expression on FREE TRIAL. BOTTLE OF MY REMEDY OUT AND RETURN advertisement. Send me names and addresses of persons who are afflicted with Feline Leukemia, Feline Cancer, Feline Diabetes, Feline Pay Expression. DR. W. H. HANCOCK, Dept. 177, Station N, New York.

Our Credit Plan Is Formed Entirely to Give You the Greatest Accommodation

The better you know the House & Herrmann store the more satisfaction you'll feel with what you buy—and what it costs you.

We have only one business precept—TO SERVE SUPERIORLY. That means the exercise of the keenest discrimination in our stock selections—that we may be able to GUARANTEE THE BEST. It means the development of the most thorough facilities—that we may be able to GUARANTEE THE LOWEST PRICE. It means performance, not promise. A "daylight store"—with a "daylight policy"—that will bear the closest scrutiny of methods and merchandise. Where every promise is carefully kept—and every claim sincerely substantiated—and every offering worthy of your consideration. A store that is above suspicion—because it is above deception.

TURKEY IN FINAL BREAK WITH RUSSIA

CONTINUED ON PAGE TWO.

bombarded Sebastopol, and a Turkish squadron has attacked the Russian Black Sea fleet, sinking a minesweeper and a torpedo-boat destroyer, and capturing a collier.

Porte Sidesteps Responsibility. With these big events and what they spell in the apparently inevitable further extension of hostilities Turkey today remained at the forefront of the news of the war.

Turkey continues to refrain from assuming responsibility for the warlike acts of the Turkish warships in the Black Sea. In spite of the fact that Turkish ships have sunk the Russian merchantmen and several Russian merchantmen and bombarded two unfortified Russian ports without previous warning, the Porte has not yet officially declared war upon Russia.

That the Turkish government will continue to evade the responsibility for the acts of its men-of-war was evidenced by a report from Constantinople late today that the Turkish minister of finance had informed the French Ambassador at Constantinople that the raid of the Turkish warships on the Russian Black Sea ports was entirely without the knowledge of the Porte. The minister put the blame on the German officers of the Turkish ships.

Seeks to Patch Up Break. The Turkish Ambassador to Russia remains at Petrograd where he is reported to be bending his best efforts to warding off his government to disavow the acts of the Turkish warships and avoid war by promises of indemnifying Russia for her loss.

The British, Russian and French Ambassadors are declared to be preparing to leave Constantinople together and Russia has placed her interests in the hands of the Italian Ambassador, while it is probable that the American Ambassador will be asked to act for one or both of the remaining powers.

The Russian Ambassador, following receipt of instructions to demand his passport, attempted to visit the grand vizier, according to reports from Constantinople, but that dignitary pleaded illness and would not be seen.

An extraordinary cabinet council has been summoned by the grand vizier, according to the same dispatches, probably to consider the demands made by the powers.

Diplomats Cling to Hope. Hope is still held officially that the reply of the Sublime Porte to the demands of the powers may be of such a nature as will prevent the further extension of hostilities.

The hope is slight, however, for the Young Turks are in power, and they are reputed to be fanatically pro-German. Interesting details of the control exercised by the Germans in Turkey were

furnished in a dispatch from Petrograd tonight, which says:

"At present there are fully 100 German officers in Turkey. The commander of the straits is a German colonel. In command of the Ottoman troops is a German, Col. Liman von Sanders. German officers and men on the Gallipoli are all wearing the German uniform. On other ships are both German and Turkish officers."

A dispatch to the Central News says: "Consternation prevails in Constantinople and the Turkish ministry is sitting continuously."

Italy Seizes Island. Italian troops, including a battery of artillery, have been landed on the island of Saseno, off Albania. It has been announced in Rome semi-officially. The ownership of this island has long been in dispute between Greece and Albania. France will give her full support to Russia in case that country goes to war with Turkey. Assurances to this effect have been given to Ambassador Iswolsky, of Russia, by the foreign minister of France, Theophile Delcasse.

If Russia formally declares war, France will take a similar step, it is understood. England may withhold action until she determines whether Turkey intends to carry the war into Egypt.

"MUST PERISH BY SWORD." Russia Throws Down Gauntlet to Turkey in Official Statement. By FRANCIS LAYELLE MURRAY. Petrograd, Oct. 31.—The official Russian news agency today issued the following: "Russia's patience is exhausted. The general sentiment is that if Turkey draws the sword she must perish by the sword. He who is not for Russia is against her. For Bulgaria no equivocal policy is admissible. She must declare herself either friend or foe."

Neither Russia nor Turkey has yet declared war, and intimations came from high official circles today that a conflict between the two nations might yet be avoided. These were accepted at only their face value, as sentiment here is overwhelmingly in favor of war against the Porte unless it furnishes a satisfactory explanation of attacks on Russian ports and ships.

Russian officials hint that the bombardment of Black Sea ports was undertaken by the German commanders of the cruisers Goeben and Breslau in order to force Turkey into the war. They flatly deny allegations said to have been made by the Turkish government that the Sultan's warships undertook their campaign because the Russian fleet opposed the passage of the Turkish ships through the Bosphorus into the Black Sea.

The Army Messenger announced today that the positions taken by the Germans on the heights between the Pilica and Radomka rivers had been captured by the Russians and that the German forces were once more in full retreat toward the southwest with Cossacks attacking their flank. The German trenches were
